Dear local resident,

The Royal Surrey, our local hospital which is used by thousands of people across the county every week, is under threat.

Over the years, hundreds of thousands of lives have been saved at this marvellous hospital thanks to the hard work and the expertise of all the doctors, nurses and other staff.

But sadly, health bosses in the South East seem adamant that this valued hospital should be closed as part of an incredibly short-sighted cost-cutting exercise.

The NHS South East Coast, formerly the Surrey and Sussex Strategic Health Authority, is looking for ways to save approximately £100 million per year because of a massive funding discrepancy which has occurred over the years.

It is possible that one of our major district hospitals will close but certainly A&E, maternity and paediatric at RSC are at risk.

If this goes ahead, the effect could be devastating and lives could be lost. Some patients could have to travel for up to 70 minutes to reach their nearest A&E.

Only the strongest possible action by local people can prevent this. Please join our rally, which is supported by all political parties, to launch the cross-community campaign on October 21. We hope to see you there.

Yours sincerely,

Jeremy Hunt
MP for South West Surrey

Anne Milton
MP for Guildford
