

The Choice we face in May

by Anne Milton

You will know by now that the General Election will be on May 7, and the campaign is now under way. News channels from now until then will, I'm sure, be awash with stories about all the stuff that interests the "Westminster bubble".

But here, away from Westminster, I want to see a local campaign that focuses on the real things that matter to us here in Guildford, Cranleigh and our villages.

I'm standing again in Guildford because I want to carry on working to protect our countryside, together with intelligently planned homes for people to live in; decent roads and train services; and the best education and health services possible.

And of course I will always be there to help with individual problems that need sorting out; this has been one of the most rewarding parts of my job over the last 10 years.

I believe we need a Conservative government to make sure our economy is strong enough to safeguard the funding for the NHS, our education system, and the public services we need.

Meanwhile, I will be standing on a pledge to fight for the infrastructure Guildford needs to get moving and share in the recovery, and the pledge to support the people who do so much in our communities.

Please let me know if there is anything I can do and I look forward to meeting as many of you as possible during the campaign.

Best wishes

Anne

Anne MILTON

A strong voice for Guildford, Cranleigh and our villages

1

A thriving economy for Guildford, Cranleigh and our villages, as the national economy recovers

2

A strong sense of community, supporting our outstanding voluntary sector

3

The infrastructure to support the homes that we need at a price people can afford

Anne MILTON:

A strong voice for Guildford and our villages

Anne Milton has been MP for Guildford since 2005 and during that time has helped thousands of residents get the support they needed. Whether it's getting help for flooding, benefits or housing, Anne always puts residents first and wants to continue to work for you.

► KEEPING THE NHS SAFE FOR US ALL

Healthcare has been a big part of Anne's life and Anne has a wealth of experience to bring to politics. A former nurse, Public Health Minister and having led from the front in the Save Royal Surrey campaign, Anne brings unique skills to fight for the NHS care we all depend on.

▲ GETTING PEOPLE ACTIVE

With her background in health, Anne is a strong advocate of an active lifestyle and is particularly pleased that residents in north Guildford now have both the new Boxing Club (above) and the Westborough Fitness Trail to give them a kick-start and help them get going.

◀ BETTER AND SAFER CYCLE ROUTES

A keen cyclist, Anne continues the fight for infrastructure improvements from rail to roads to cycle routes.

Anne has got an impressive list of Ministers down here to see for themselves what local people need.

◀ KEEPING THE ECONOMY GROWING

Small and local business are the life blood of not only our town but also the villages and village life. Anne will make sure they get changes from the government to guarantee their efforts are rewarded and they can grow and prosper.

► SUPPORTING OUR ARMED FORCES

Guildford is honoured to be the host of the 2015 Armed Forces Day event. Anne is clear that whether or not we agree with the politics of sending troops abroad, each and every member of our Armed Forces deserves our admiration and gratitude for their courage.

▲ A STRONG VOICE FOR OUR COMMUNITY

Anne is a strong voice for Guildford and lives in Merrow. No problem is too small – or too big.

Whether it's a personal problem, a matter that needs Government to intervene or raising funds for local charities, Anne is always up for the fight!

For an experienced, positive and effective MP who lives locally and puts you first, vote for ANNE MILTON on 7th May.

Countryside guardian

In 2008 in response to the then Labour Government's South East Plan, Anne said: "I strongly oppose the stated requirement for the selective Green Belt review". Anne has campaigned for years to protect the countryside and continues to do so.

She wants to see room for more homes people can afford, but crucially making sure any plans enhance our town and villages for the good of all.

Anne added: "While we need to provide homes people can afford, they must not come at the price of our precious green spaces."
